OVERVIEW

Spectacular wildlife, stunning landscapes and a range of great activities are what you get on this fabulous adventure through Zimbabwe's best National Parks.

Starting off at one of the seven natural wonders of the world, the incredible Victoria Falls, this trip doesn't disappoint. There's wildlife aplenty as you journey through Zimbabwe's fabulous national parks, which have far fewer visitors than their more famous neighbours. This means you get more of the wildlife to yourself, with the trip concluding at another watery African natural wonder, the immense and beautiful Lake Kariba.

FULL ITINERARY

DAY 1 - VICTORIA FALLS NATIONAL PARK

On arrival at Victoria Falls International Airport you will be met by a Big Safari Company representative and transferred to Victoria Falls Hotel.

At Victoria Falls, the earth splits open and swallows one of Africa's greatest rivers, the mighty Zambezi, creating one of the seven natural wonders of the world. As the water hits the narrow depths of the Batoka Gorge beneath, it blasts a cloud of mist skywards, lending the falls their local name 'mosi-oa-tunya' (the smoke that thunders).

Established in 1904, the Victoria Falls Hotel has a private path leading to the Falls. Overlooking the Victoria Falls Bridge and gorge, it is one of the most famous hotels in Africa and is renowned for its colonial elegance and charm.

Included meals: None

Accommodation: Victoria Falls Hotel

Optional Extras: there are a huge range of optional activities on offer here for either the adrenaline junkie or the faint of heart. Scenic helicopter flights, village visits, white water rafting, bungee jumping, walking with rhinos or souvenir shopping in local markets are just a few examples.
